## Annual Report SCTG 2015

### Good News

So good to know that the Yangsi is studying under the guidance of Ven. Kyabje Dodrubchen Rinpoche in Gangthok. And we are happy to know that he is feeling at home in the monastery and doing well in his studies.

### Sponsor activities

This year the BA Foundation was kind enough to add **16,000** Euro of funds for the ground-floor. Till now the BA Foundation donated **100,000** euro for the ground-floor of the pharmacy and **40,000** for the 1<sup>st</sup> floor!

SCTG has received in 2015 in total **19,202** euro as a donation for the construction of the 1<sup>st</sup> floor of the Pharmacy building. The extra donations as result of our annual letter to the sponsors are included. In this letter we always present a packet of Rhododendron tea, produced by one of the Chagpori amchis. For general projects we collected **1,627** euro

The SCTG Holland sponsored **7,075** euro for the students and **750** euro for the housing and salary of the two clinic doctors.

In 2014 the Yangchen Drolma fund raised **12,000** euro to support the salaries of the staff. Maybe it is a possibility that the Chagpori Institute can start to upgrade the salaries themselves in the next year.

The donation box in the clinic of CTHC collected this year **3,980** euro. Bank interest was **351** euro. So altogether we have raised **46,641** euro this year, **55,000** euro is send already to Darjeeling. For the education of the Yangsi we collected **1,656** euro

### Activities in Holland

For the archives of CTMI we have been transferring the tapes from the Yuthog Nyingtig Retreat, which Rinpoche held in Amsterdam in 1994, to a memory stick. We feel it as an importance that these special teachings which Rinpoche has given in Holland are safeguarded for the students of CTMI and especially for the Yangsi.

We have the possibility of Paypal internet payment for donations via the 2 websites. Although not so many people make use of it, the fact that the possibility is there is already great.

On the CTMI and the SCTG-site the webmaster made a special photo page about the construction of the Pharmacy. Now one can follow step by step the progress of the construction. Also in the CTHC clinic in Amsterdam photos of the construction are shown and the effect is tangible in the donation box. Now we use also social media like Facebook.

amchi Nel de Jong visited Chagpori TMI twice. In December she was accompanied by the advisor of the Board, Marijke Holt. Both were very happy that they could join the opening ceremony of the Pharmacy.

## Feedback to CTMI and new project proposals

Because more clinics are needed the idea came up that one of the doctors could be appointed for finding places for new clinics.

We are happy that the Support Groups of France and Holland could meet after the opening ceremony of the Pharmacy in November 2014. Is it an idea that CTMI re-introduces this annual event? For the last few years every country had its own individual way of connecting and working for Rinpoche's vision. It is good to learn from each other and to help each other in the support of CTMI.

Amsterdam, December 2014
